**DANGER/HARM**

List all aspects that indicate likelihood of maltreatment.

You may wish to spatially locate items between the danger and safety poles along this continuum.

**SAFETY**

List all aspects that demonstrate safety.

## Safety and Context Scale

**Safety Scale:** Given the danger and safety information, rate the situation on a scale of 0-10, where 0 means recurrence of similar or worse abuse/neglect is certain and 10 means that there is sufficient safety for the child to close the case.

**Context Scale:** Rate this case on a scale of 0-10, where 10 means this is not a situation where any action would be taken and 0 means this is the worst case of child abuse/neglect that the agency has seen.

**Agency Goals** What will the agency need to see occur to be willing to close this case?

**Family Goals** What does the family want generally and regarding safety?

**Immediate Progress** What would indicate to the agency that some small progress had been made?
